

Roebke's Run will host Area IV Championships

More Dressage and Schooling Shows added for 2016 season

Roebke's Run Horse Trials in Hector, MN has made positive upgrades to begin the 2016 Eventing season. This year it has been expanded to feature five show dates from May 7 through Sept. 4th.

Roebke's Run is proud to announce that it will be hosting the 2016 Area IV Championships July 8-10. (For qualification details visit our website at: www.schweissstables.com)

Prior to this, the first of two added schooling shows begins May 7, followed by Roebke's Run CCI/CIC 1&2** and Horse Trials on June 10-12. After the July 8-10 Area Championships, Roebke's Run Dressage Show is slated for September 3 and Roebke's Run Eventing Schooling Show will take place the following day, Sept. 4.

"We felt riders needed the opportunity to practice with young horses, or consider moving up a level without having to incur the cost of a recognized show," said Show Organizer Brook Schweiss-Mead.

Each year riders are amazed at improvements that take place. This year is no exception. The dressage footing has been replaced with ag lime and the announcers building has been relocated so that all the rings can be easily seen. The existing gravel road on the cross-country course was removed last fall and replaced with grass footing. Twenty-three more electrical RV hookups, for a total of 42, have been added along with water and camper rental availability. Additional catering refrigerators and freezers have also been added at the concession kitchen.

"Chris Revier, a long-time volunteer has been appointed show secretary. She's doing a wonderful job tackling all the FEI paperwork and is a pleasure to work with," added Schweiss-Mead.

Last summer the organizers of the June 2015 Roebke's Run Horse Trials took a huge step forward in once again putting on a great show for riders from throughout the U.S. and some abroad taking part on a well-groomed dynamic course, designed by Capt. Mark Phillips.
